

OUT THE GATE IN 48

Your Day Zero X39 Toolkit. Know what to say, what to send, and where to point people, starting today.

[] STEP 1 — Sign Up to the Emails

Go to dreamteam.community/home. Click the top blue button "Sign Up to Dream Team Emails" and complete the form. This gets you the weekly itinerary, sent every Sunday night, plus access to trainings.

[] STEP 2 — Know What X39 Is

Watch: [What is X39?](#)

Watch: [What is Photo Therapy?](#)

Two short videos. Enough to speak with confidence.

[] STEP 3 — Know What to Say

Standard opener:

"Hey, you seem like someone who looks after yourself. Quick one, have you heard of a wearable light therapy patch? It's drug-free, backed by clinical studies, and it's made a genuine difference for me personally. Want me to send you a quick video so you can see exactly what it is?"

Netflix / first mover opener:

"I've found something I'm genuinely excited about. It's about to get major exposure with a Netflix feature, and we're positioned as first movers here in Australia and New Zealand. It's made a real difference for me personally, and there's a business opportunity attached to it too. Want me to send you a 2 minute video?"

Goal of the opener is one thing only: get them to say yes to watching a 2 minute video.

[] STEP 4 — The Scripts

Face to face:

"Hey, you seem like someone who looks after yourself. Quick one, have you heard of a wearable light therapy patch? It's drug-free, backed by clinical studies, and it's made a genuine difference for me personally. Want me to send you a quick video so you can see exactly what it is?"

Phone (people you already know, not cold strangers):

"Hey, it's [Name]. How's things? (small talk) Listen, the reason I'm calling, I've started using this wearable light therapy patch, it's drug-free and there's real clinical research behind it, and honestly it's made a difference for me. Can I send you a short video so you can see what it actually is?"

Text / WhatsApp:

"Hey [Name], I've been using this simple wearable patch and it's made a real difference for me. It's drug-free and backed by clinical studies. Mind if I send you a 2 minute video so you can see exactly

what it is?”

Email:

Subject: “Something I wanted to share with you”

Hi [Name], Hope you’re doing well. I wanted to share something I’ve been using personally, it’s a wearable light therapy patch called X39, drug-free and backed by clinical studies. It’s made a genuine difference for me, and I thought of you because [personal reason]. Here’s a short video if you’d like to see exactly what it is: [video link]. Let me know what you think.

[Name], Independent LifeWave Brand Partner

[] STEP 5 — What to Send People Who Are Interested

[LifeWave X39 \(1:45\)](#)

[NZ & Aus Testimonials \(4:08\)](#)

[Sarah's Personal Testimony \(2:09\)](#)

Tip: if you personally know Sarah, mention it, it adds credibility.

[] STEP 6 — Where to Send the “Investigator” Types

For people who are more academic or technical and want to dive deep and read everything for themselves, send them to thisisitinfo.com. The home page covers X39 in depth, and there’s a patents and studies page with all the clinical research.

[] STEP 7 — Carry a Sleeve

Keep it in your bag, not on your body. Avoid body heat.

[] STEP 8 — When Someone's Interested

Contact your upline or Rudolf, especially if you’re new and still learning. Once you’ve signed up for the emails (Step 1), your weekly itinerary will show you the business opportunity meeting schedule. Your upline can also give you a pre-recorded video to send anyone too busy for a live Zoom call. As a last resort only, send this link: [Business Opportunity recording](#). Best results always come from people attending a live Zoom call.

[] STEP 9 — Point Them to a Business Opportunity Meeting

Connect them directly with whoever sponsored you.

[] STEP 10 — Start the THIS IS IT 10 Step System

thisisitteam.com - 10 Step System

Once you’ve started the 10 Step System, also check out Onboarding and Go 1 Star / 2 Star Manager inside the same site. The 10 Step System comes first.
